

SERBIA'S GRADUAL ACKNOWLEDGEMENT OF KOSOVO REALITY

Sonja Biserko

Abstract

As a result of the global economic crises, a new dynamics in international politics in the first place the visit of the American Vice President Joe Biden in the region the Serbian government rationalized its approach to Kosovo. The European integrations become in this period the priority of the government. For that reason the government took several important decisions in order to speed up the process which will lead to European integrations. One of these measures was the signature of the protocol with Eulex which was one of the pre-conditions for Serbia to be on the so called White Schengen List which will enable Serbia to be part of the EU Visa Liberalization Policy. The author of this analysis is of the opinion that the relations between Kosovo and Serbia in the future period should be resolved through the process of more speedy integrations to European integration processes.

Key words: *The government of Serbia, protocol with EULEX, integration to EU, White Schengen List, USA, Kosovo financial debt.*
