

In Accordance with Article 5 and Article 33 of the Statute of AAB University, the Board of the University approved, on its meeting held on 13.11.2006, the following Regulation:

Regulation on the criteria of granting scholarships to model students of AAB University

General provisions

Article 1

The Regulation on the criteria of granting scholarships to model students of AAB University (hereinafter the Regulation) is based on the Statute and other regulation of AAB University.

Article 2

By means of this Regulation AAB University decides the selection criteria, conditions and procedure of granting scholarships to students.

Scholarship means any financial assistance granted by the University or reduction of the respective tuition fees.

Criteria for granting scholarships

Article 3

The scholarship can be granted if the student meets the following criteria:

1. To be a regular or an extramural students of the faculties of AAB University;
2. Must have passed all examination of the last studies in the term of June;
3. Must have an average mark of 9.5;
4. Should not have repeated any academic year.

The responsible Commission on the selection criteria for scholarships can decide on a lower mark as stated in Article 3.

Article 4

The selection of the students is done by the responsible Commission on the selection criteria for granting the scholarships.

Article 5

The information about the won scholarships is communicated by the student's service.

Transitional provisions

Article 6

This Regulation can be changed according to the procedure of its approval.

Article 7

If the provisions of this Regulation are contrary to the provisions of the Statute of AAB University, the provisions of the Statute have priority.

Article 8

This Regulation comes into force by the date of approval by the Board of AAB University.

Prishtinë, 2006

Chairman of the Board of the
University
